GRAND
OPENING
MARCH 8TH
2022

The four-star Hotel Seidenhof, Zurich's meeting place since 1902, has been completely renovated and reopened in 2022 as a 4* Boutique Hotel. Situated in the former centre of the European silk industry, where people have been meeting for over a hundred years, you can now enjoy stylish living in a stimulating atmosphere. A total of 78 boutique rooms and suites are available for long and short stays. The lovingly designed details are reminiscent of the former importance of silk for the city. For breakfast, hotel and external guests are served a wide selection of products from local and regional partners. Enja restaurant surprises with seasonal and local specialities prepared on an open fire for lunch and dinner. In the foyer, the café-bar is a lively meeting place that invites guests to enjoy a leisurely coffee or aperitifs throughout the day.
